Herr A.J. Lagerberg,

P a s s a i c.

Det är i Eder egenskap av ledamot i American Numismatic Society som jag vågar besvära Eder med en vördsam anhållan om Eder benägna medverkan till ordnande av Kungl.Vitterhets Historie och Antikvitets Akademiens bytesförbindelse med detta sällskap.

Bytesförbindelsen inleddes redan 1892 och Am.Num.Soc. har från denna tid erhållit Akademiens Månadsblad samt dess fortsättning Fornvännen. Därjämte sändes från början Akademiens äldre numismatiska arbeten. Å vår sida ha vi erhållit Edert sällskaps Proceedings från 1883. Denna sändning upphörde dock redan med 1909 (51. ann. meeting) och har ej återupptagits, ehuru reklamation härifrån gjordes redan 1910. Dessutom ha vi genom Riksantikvarien O.Montelius fått mottaga American Journal of Numismatics, vol. 42:2-4, 43-50, 52-53:1, samt Numismatic Notes and Monographs 1-10.

Som Ni ser, ha vi mycket att fordra av Proceedings (59 o. 63. ann. meeting ha vi dock erhållit genom Riksantikvarien Montelius). Vi ha ej velat avbryta sändningen av Fornvännen - den sista avgick i februari i år - men naturligtvis bli vi tvungna

att göra det, om vår svit ej kompletteras och fullföljes.

Ännu viktigare för oss vore dock att erhålla komplettering och fortsättning av Amer. Journal of Numism. och Notes and Monographs. Årsvolymen av Fornvännen överträffar ju i omfång Edra Proceedings, men dessutom vore vi villiga att sända 3. följdén av Akademiens Handlingar, i den mån de utkomma - första dubbelhäftet med Montelius-biografien ha vi redan skickat - samt eventuella numismatiska publikationer.

Även en annan sak vågar jag besvara Eder med. Vi ha genom Riksantikvarien Montelius och i enstaka fall direkt från Eder <sup>av</sup> fått mottaga/tidskriften "The Numismatist" volymerna 21(nr 1-8 felas), 22 (nr 4 felas), 23 (nr 10-12 felas) 24,25,27-30, 31 (nr 11 felas), 32-34. Vi skulle mycket önska fortsättning också av denna svit. Anser Ni det lämpligt att erbjuda American Numismatic Association byte med Fornvännen, och till vem bör man i så fall vända sig?

Slutligen vore vi mycket tacksamma för uppgift huruvida Numismatic and Antiquarian Society of Philadelphia fortfarande utger sina Proceedings. Akademien står i bytesförbindelse med detta sällskap, men årgg. 1913-15 voro de sista vi från dem mottagit.

Med utmärkt högaktning

Dear Madam:

Your letter of May 7th addressed to Mr. A.J. Lagerberg has been referred to me for reply.

I have been unable to learn the reason why the exchange between our two Societies was discontinued. We shall be very glad to resume this exchange, and I am listing below the numbers of our Journal which I understand are lacking in your file. Will you kindly check these, and on receipt of your response I will have them sent to you.

The last copy of Fornvännen which we received was for the year 1922.

I am obliged to you for calling this matter to our attention, and I trust that you will receive future publications promptly.

Very truly yours,

Secretary

Gentlemen:

May I ask whether the book by Mr. C. A. Ossbahr, 'Mynt och Medaljer slagna för främmande makter i anledning av Krig mot Sverige', was issued for sale? We should very much like to have a copy for our Library because of the interest of this subject. Would you be so good as to send a copy, together with your bill for it, if the book is offered for sale.

Very truly yours,

Secretary

Mr. Sydney P. Noe,  
Secretary and Librarian  
of the American Numismatic Society,  
New York .

Dear Sir,

The R. Academy of Letters, History and Antiquities,  
Stockholm, has formerly received your Proceedings (1883-1909)  
and "American Journal of Numismatics" by exchange for the  
reviews Månadsblad (1879-1906) and Fornvännen from 1906 up to  
1926. Our file of the Journal however, is not complete. We  
have the following numbers:

Vol. XLII:2-4.

" XLIII - L and LII - LIII:1

We should be very pleased if you would reopen the ex-  
change, which on your side seems to have stopped in 1920. The  
library of the R. Academy of Letters history and Antiquities  
includes the foremost numismatic library of Sweden and it is  
very much regretted, that the principal american numismatic  
journal should be lacking in our collection. Through a

bequest our library has acquired a set of your Numismatic Notes and Monographs N:o 1-10. If a continuation of this series has appeared, would you perhaps be interested in an exchange with some of our numismatic works, which you will find on the enclosed list ? It would afford us the greatest pleasure to make such an exchange.

I am,

Sir,

very truly yours,

Adolf Schöck

Dear Sir.

Referring to your esteemed letter of 30/4 I must inform you, as I did some mouths ago to Mr Newell about the Lysimachus' coins, that a donator has promised to leave his collection of ancient greek coins to the Royal Cabinet of coins & medals, but that he has not yet fulfilled his promise, as we had expected. He possesses a dekadrachm with the signature of Evainetos, which is reproduced in the catalogue Naville & Co, Genève, June 1925 nr 306. Unfortunately our museum has no ex. of this dekadrachm, else we were very willing to comply with your wish.

Yours sincerely

Gentlemen,

The Library of Kungl. Vitterhets Historie och Antikvitetsakademien, Stockholm, (including that of the R. Cabinet of Coins and Medals) has had the honour of exchanging publications with the American Numismatic Society during many years, but some time ago these relations have stopped, which is very much regretted on our part. I beg now to propose a reopening of our exchange relations, either to their earlier extent or on a reduced scale. Our periodical series are not principally numismatic, but contain chiefly prehistoric and mediaeval archaeology. They are nevertheless accepted for exchange by numismatic societies in England, France, Belgium, Germany and Switzerland. Occasional numismatic works are also published by the Academy and we should be pleased to send you these in exchange for some of your publications. Still, it would be most welcome, if a regular sending of periodical series could be maintained and we should be very grateful, if you would kindly take this matter into consideration.

To recollect how our exchange relations stand at present, I beg to give the following summary:

We have received from you:

Proceedings 1878-1909.

We have sent to you:

Månadsblad 1879-1905.

Fornvännen 1906-1926.

Årsbok 1926.

Tornberg, Nummifici...1848.

Hildebrand, Anglosachsiska mynt...

" Minnespenningar över enskilda svenska män...

" Sveriges och sv.konungahusets minnespen.1-2.

" Teckningar ur Sv.Statens Historiska mus.1-3.

With regard to volume, our exchange accounts are seemingly unequal and our Library has made an earlier claim for compensation in 1924. In a letter of May 26th 1924 Mr Sydney P.Noë expressed his satisfaction with our proposal to resume the exchange and promised to send us all numbers needed to make our files complete. This promise comprised also your publications "American Journal of Numismatics" and Numismatic Notes and Monographs", of which we have got the following numbers through a bequest of the late professor Oscar Montelius:

Amer.Journal of Num. 42-50, 52, 53:1.

Numismatic Notes and Monographs.1-10 (of this we have later acquired No.29,34 and 36).

The letter was answered by our then librarian, baroness Leijonhufvud, on June 16th 1924, but we have got no publications.

If you are interested in regular exchange in the future, we can offer you "Fornvännen" and "Årsbok" (Year Book). Further we

can offer you the following numismatical publications:

I don't know, if the Proceedings of the Amer. Numismatic Society and  
"American Journal of Numismatic" have ceased to appear, but your  
fine little series "Numismatic Notes and Monographs" is very desirable  
as exchange gift.

Hoping, that the interruption of our exchanges has only  
been accidental, I beg you kindly to inform us, how you want to  
have future relations arranged.

Dear Sir:

Your letter of April 22nd is at hand and I hasten to assure you that we shall be very glad to renew the exchange of publications of our respective Societies. I am unable to account for the interruption of this exchange, but I am very glad now to endeavour to remedy the conditions you describe in so far as as it is possible.

The American Journal of Numismatics was discontinued with the issue of Volume 53, the last portion of which was published in 1924 - Agnes Baldwin: The Gold Staters, Silver and Bronze Coinage. Of the Numismatic Notes and Monographs I shall send you the numbers issued after No. 10, with the exception of one or two numbers which are now out of print, and also excepting the Nos. 29, 34 and 36 of which you have copies. I shall also place your name on our permanent exchange list for future issues of this series.

Permit me to acknowledge with thanks the publications by Vasmer and Appelgren which you write about. If your file of the American Journal is not complete as outlined above, please let me know the missing portion and I will have those sent you also. We should be very glad to have you send us in the future "Fornvannen" of which we have a file here the last number of which is dated 1926 - 6 parts. We should also be very glad to have the volume by Assehr.

I hope you feel after you have received our monographs that the exchange is now on an equalized basis. If you do not, please write me and we shall arrange an adjustment.

Very truly yours,

Secretary.

Dear Sir,

On behalf of the Library of Kgl. Vitterhets Historie och Antikvitetsakademien I beg to thank you sincerely for your sending of "Numismatic Notes and Monographs" No. 12-23, 30-33, 35, 37-45. Our series is now complete but for No. 11.

Our file of the "American Journal of Numismatics", however, is very incomplete. We lack all the following numbers:

Vol. I-XLI  
" XLII: no. 1  
" LI  
" LIII: no. 2-4.

We shall be very grateful for all that you can send us of the journal.

I have ordered Fornvännen 1927-1930 and Årsbok 1927-1929 to be sent to you and I have put your name on the list for regular despatching of these publications in the future.

Yours very truly,
